# THE REVOLUTIONARIES

## Student Login & Account Information

Our coding sessions use online platforms — including Code.org and Tinkercad — to teach programming and design. This sheet keeps each student's account information on file so a coach can help with a password reset or a technical hiccup without losing session time.

I give permission for my child to have an account on the coding and design platforms used in this program (including Code.org and Tinkercad), for instructional purposes only.

☐ Yes, I give permission ☐ No
